## Our Business

 Management

Over the years we have attracted, trained and developed leaders who embody the entrepreneurial spirit that makes us who we are today. Our success begins with our management team who practice what they preach and lead by example. The ownership and management of Phoenix is inter-linked and leads a cohesive team of professionals, striving for excellence and delivering value to our business partners.

Operations at Phoenix are spearheaded by the following key personnel:

## The Man Behind the Mission

### Gaurav Dhawan

Executive Chairman

- A co-founder of the company and the Executive Chairman, Gaurav has been at the helm of the Phoenix Group and continues to be the majority shareholder
- The driving force behind the expansion of the Group from a medium sized business, into an integrated agri-business conglomerate, active across multiple product lines and jurisdictions
- Leading the overall strategy of the group, acquisition of assets, and expansion into new opportunities, geographies, and products, he promises and delivers sustained and steady growth to the company and all its stakeholders
- Gaurav also has active interests in technology and pharmaceutical sectors
- He is extremely passionate about environmental sustainability, social care, and community involvement, and applies the same in his professional and personal life
- Gaurav has a Masters in International Business from IIFT, Delhi, and has resided in Kenya, Thailand, Singapore, and the UAE, besides having traveled extensively across the globe
